FREEDOM OF INFORMATION ACT 2000 (FOI) REQUEST

Thank you for your request, received on 13 and 14 June 2019.

Specifically you requested:

Your recent report on net zero gave the cost as 1-2% of GDP in 2050. I would like a copy of the underlying financial model for this figure so I can understand how it was derived.

I'm asking for *calculations*. Where is the *calculation* of the 2.4 billion figure?

Our response:

Please find our 'Net-Zero costs dataset' attached. This dataset includes the underlying calculations which underpin the 2050 cost estimates of the scenarios in our *Net Zero* report.

The dataset includes emissions abatement, marginal abatement costs and total abatement costs for a range of abatement measures across the economy.

The dataset is available on the CCC's website at the following link:

<https://www.theccc.org.uk/wp-content/uploads/2019/07/Net-Zero-costs-dataset.xlsx>

This concludes our response to your request.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. If you are not content with the outcome of the review, you may apply directly to the Information Commissioner for a decision.

In keeping with our transparency policy, the information released to you will be published on www.theccc.org.uk. Please note that this publication will not include your personal data.

Kind regards,

Committee on Climate Change
