Your request:

Under the Freedom of Information Act I would like to request the following information:

- a list of your current Projects and Programmes (for example IT Projects)?
- Associated timelines for those Project and Programmes?
- Your current spend on Agency, temporary or Contingent Labour?
- Copies of business Cases approved in the past 3 Months?

Our response:

Current projects and programmes and associated timelines

The planned programme of work, including associated timelines, is set out in the Corporate and Business Plan 2020 – 2023. This document is published on the CCC website at this address: <https://www.theccc.org.uk/publication/corporate-plan-for-2020-2023/>. Therefore, as the information is already accessible and as allowed under section 21 of the FOIA (Freedom of Information Act) we have not released this information.

The CCC is working with its Sponsor Organisations to agree its future work programme in more detail. Once finalised an updated Corporate and Business Plan will be published. Therefore, as allowed on section 22 of the FOIA we have not released current draft work programmes.

Spend on agency, temporary and contingent labour

Expenditure on agency, temporary and contingent labour for the period 1 April 2020 to 31 March 2021 is published in the 2020-21 Annual Report & Accounts on the CCC website at this address: <https://www.theccc.org.uk/publication/annual-report-and-accounts-2020-2021/>. The 2021-22 Annual Report & Accounts will be published in July 2022.

Business cases

We do not hold any records in relation to this request.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. If you are not content with the outcome of the review, you may apply directly to the Information Commissioner for a decision. In keeping with our transparency policy, the information released to you will be published on www.theccc.org.uk. Please note that this publication will not include your personal data.

Kind regards,
Climate Change Committee
