Your request:

Please provide all correspondence, and any relevant research data, between CCC staff and all other experts and stakeholders, including government departments (for example, DESNZ, DfT, DSIT and DLUHC), on the issue of nuclear fusion technology and deployment.

Our response:

Thank you for your request. We have handled your request under the Environmental Information Regulations (EIR) 2004. Please find our response below.

The information requested has been considered environmental information, given it covers measures (including administrative measures), such as policies, legislation, plans, programmes, environmental agreements, and activities affecting or likely to affect factors, such as substances, energy, noise, radiation or waste, including radioactive waste, emissions, discharges and other releases into the environment.

We do not hold any correspondence on the issue of nuclear fusion technology and deployment between CCC staff and all other experts and stakeholders so are unable to provide a response to this request.

--

Information disclosed in response to this FOIA request is releasable to the public. In keeping with the spirit and effect of the FOIA and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on the CCC website, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the CCC website.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. If you are not content with the outcome of the review, you may apply directly to the Information Commissioner for a decision. In keeping with our transparency policy, the information released to you will be published on www.theccc.org.uk. Please note that this publication will not include your personal data.

Kind regards,
Climate Change Committee
