Your request:

Dear Information Team,

This is a freedom of information request relating to private health insurance for employees over the last three full financial years (2021-22, 2022-23, 2023-24).

Please include the following information:

- How many staff are receiving private health insurance paid for by your organisation?
- What is the total cost of providing private health insurance to all employees?

If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12, please provide advice and assistance, under the Section 16 obligations of the Act, as to how I can refine my request.

If you have any queries please do not hesitate to contact me.

Kind regards,

[redacted]

Our response:

Thank you for your request. We have handled your request under the Freedom of Information Act 2000 (FOIA). Please find our response below.

None of the CCC staff are receiving private health insurance paid for by the organisation. As a result there is no cost of providing private health insurance.

Information disclosed in response to this FOIA request is releasable to the public. In keeping with the spirit and effect of the FOIA and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on the CCC website, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the CCC website.

If you are dissatisfied with the handling of your request, you have the right to ask for an internal review. If you are not content with the outcome of the review, you may apply directly to the Information Commissioner for a decision. In keeping with our transparency policy, the information released to you will be published on www.theccc.org.uk. Please note that this publication will not include your personal data.

Kind regards,
Climate Change Committee
